(*b*) "Form" means a form appended to these rules.

(*c*) "section" means a section of the Act.

PART I

REVIEW OF HALF-MONTHLY PAYMENTS AND COMMUTATION THEREOF.

When application may be made without medical certificate. 3. Application for review of a half-monthly payment under section 6 may be made without being accompanied by a medical certificate—

(*a*) by the employer, on the ground that since the right to compensation was determined, the workman's wages have increased;

(*b*) by the workman, on the ground that since the right to compensation was determined his wages have diminished;

(*c*) by the workman, on the ground that the employer, having commenced to pay compensation, has ceased to pay the same, notwithstanding the fact that there has been no change in the workman's condition such as to warrant such cessation;

(*d*) either by the employer or by the workman on the ground that the workman has ceased, since the right to compensation was determined, to be a minor, provided that a certificate of the nature referred to in section 12 or any other certificate of a qualified medical practitioner is produced in support of the application;

(*e*) either by the employer or by the workman, on the ground that the determination of the rate of compensation for the time being in force was obtained by fraud or other unlawful means.

Procedure on application for review. 4. If, on examining an application for review by an employer in which the reduction or discontinuance of half-monthly payments is sought, it appears to the Commissioner that there is ground for believing that the employer has a right to such reduction or discontinuance, he may at any time issue an order withholding the half-monthly payments in whole or in part pending his decision on the application.

Procedure on application for commutation. 5. (*1*) Where application is made to the Commissioner under section 7 for the redemption of a right to receive half-monthly payments by the payment of a lump sum, the Commissioner shall award such sum as is sufficient, with simple interest at the rate of one per cent. per mensem, to provide the total of the half-monthly payments which would be payable for the period during which he estimates that the disablement will continue.

(*2*) When, in any case to which sub-rule (*1*) applies, the Commissioner is unable to form an approximate estimate of the probable duration of the disablement, he may from time to time postpone a decision on the application for a period not exceeding two months at any one time.

(*3*) The statement of disbursements to be furnished on application by the employer under sub-section (*4*) of section 8 shall be in Form C.

Procedure where amount deposited insufficient.

7. If it appears to the Commissioner that a sum deposited under sub-section (1) of section 8 is less than the amount of compensation payable under sub-section (1) of section 4, he may at any time before completing the distribution of the sum so deposited, either on his own motion or otherwise, require the employer to deposit such further sum as will, with the sum previously deposited, make up the amount so payable

8. (1) Where a dependant of a deceased workman claims that compensation is payable in respect of the death of the workman, and no compensation has been deposited in accordance with sub-section (1) of section 8 in respect thereof, the dependant may apply to the Commissioner for the issue of an order requiring the employer to deposit compensation in accordance with the said sub-section:

(a) the Commissioner may, at any time before issues are framed, cause notice to be given in such manner as he thinks fit to all or any of the dependants of the deceased workman who have not joined in the application, requiring them, if they desire to join therein, to appear before him on a date specified in this behalf;

(b) any dependant to whom such notice has been given and who fails to appear and to join in the application on the date specified in the notice shall not be permitted thereafter to claim that the employer is liable to deposit compensation.

(3) If, after completing the inquiry into the application, the Commissioner issues an order requiring the employer to deposit compensation in accordance with sub-section (1) of section 8, nothing in sub-rule (2) shall be deemed to prohibit the allotment of any part of the sum deposited as compensation to a dependant of the deceased workman who failed to join in the application.

Deposit under section 8 (2).

9. An employer depositing compensation in accordance with sub-section (2) of section 8 shall furnish therewith a statement in Form D and shall be given a receipt in Form E.

PART III.

Application.

20. (1) All applications of the nature referred to in section 22 shall, unless the Commissioner otherwise directs, be filed in duplicate and shall be signed by the applicant.

(2) There shall be appended to every such application a certificate, which shall be signed by the applicant, to the effect that the statement of facts contained in the application is to the best of his knowledge and belief accurate.

Preliminary inquiry into application.

23. If the application is not dismissed under rule 22, the Commissioner may, for reasons to be recorded, call upon the applicant to produce evidence in support of the application before calling upon any other party, and, if upon considering such evidence the Commissioner is of opinion that there is no case for the relief claimed, he may dismiss the application.

Notice to opposite party.

24. If the Commissioner does not dismiss the application under rule 22 or rule 23, he shall send to the party from whom the applicant claims relief (hereinafter referred to as the opposite party) a copy of the application together with a notice of the date on which he will dispose of the application, and may call upon the parties to produce upon that date any evidence which they may wish to tender.

Framing of issues.

26. (1) After considering any written statement and the result of any examination of the parties present, the Commissioner shall ascertain upon what material propositions of fact or of law the parties are at variance, and shall thereupon proceed to frame and record the issues upon which the right decision of the case appears to him to depend.

(2) In recording the issues, the Commissioner shall distinguish between those issues which in his opinion concern points of fact and those which concern points of law.

Power to postpone trial of issue of fact where issues of law arise.

27. When issues both of law and of fact arise in the same case, and the Commissioner is of opinion that the case may be disposed of on the issues of law only, he may try those issues first, and for that purpose may, if he thinks fit, postpone the settlement of the issues of fact until after the issues of law have been determined.

Summoning of witnesses.

31. If an application is presented by any party to the proceedings for the citation of witnesses, the Commissioner shall, on payment of the prescribed expenses and fees, issue summonses for the appearance of such witnesses unless he considers that their appearance is not necessary for the just decision of the case.

Exemption from payment of costs.

32. If the Commissioner is satisfied that the applicant is unable, by reason of poverty, to pay the prescribed fees, he may remit any or all of such fees. If the case is decided in favour of the applicant, the prescribed fees which, had they not been remitted, would have been due to be paid, may be added to the costs of the case and recovered in such manner as the Commissioner in his order regarding costs may direct.

Right of entry for local inspection.

33. A Commissioner before whom any proceeding relating to an injury by accident is pending may, at any time, enter the place where the workman was injured, or where the workman ordinarily performed his work, for the purpose of making a local inspection or of examining any persons likely to be able to give information relevant to the proceedings.

Procedure in connection with local inspection.

34. (1) If the Commissioner proposes to conduct a local inspection with a view to examining on the spot the circumstances in which an accident took place, he shall give the parties or their representatives notice of his intention to conduct such inspection unless in his opinion the urgency of the case renders the giving of such notice impracticable.

(2) Such notice may be given orally or in writing, and in the case of an employer, may be given to any person upon whom notice of a claim can be served under sub-section (2) of section 13, or to the representative of any such person.

(3) Any party, or the representative of any party, may accompany the Commissioner at a local inspection.

(5) The memorandum shall form part of the record.

Power at summary examination.

35. (1) The Commissioner during a local inspection or at any other time, save at a formal hearing of a case pending before him, may examine summarily any person likely to be able to give information relative to such case, whether such person has been or is to be called as a witness in the case or not, and whether any or all of the parties are present or not.

(2) No oath shall be administered to a person examined under sub-rule (1).

(3) Statements made by persons examined under sub-rule (1) if reduced to writing, shall not be signed by the person making the statement, nor shall they, except as hereinafter provided, be incorporated in the record or utilised by the Commissioner for the purpose of arriving at a decision on the case.

(4) If a witness who has been examined under sub-rule (1) makes in evidence any material statement contradicting any statement made by him in such examination, the Commissioner may call his attention to such statement, and shall in that case direct that the parties be furnished with the relevant part of such statement for the purpose of examining or cross-examining the witness.

(5) Any statement or part of a statement which is furnished to the parties under sub-rule (3) shall be incorporated in the record.

(6) Where a case is settled by agreement between the parties, the Commissioner may incorporate in the record any statement made under sub-rule (1) and may endorse such statement for the purpose of justifying his acceptance of, or refusal to accept, the agreement reached.

Agreement to abide by Commissioner's decision.

36. (1) If an applicant states in his application his willingness to abide by the decision of the Commissioner, the Commissioner shall, before commencing the hearing of the case, inquire whether the opposite party is willing to abide by his decision.

(2) If the opposite party agrees to abide by the Commissioner's decision, the fact of his agreement shall be recorded in writing and signed by him.

(3) If the opposite party does not agree to abide by the Commissioner's decision, the party filing the application shall not remain under an obligation not to abide.

37. (1) Where the opposite party claims that if compensation is recovered against him he will be entitled under sub-section (3) of section 12 to be indemnified by a person not being a party to the case, he shall, when first called upon to answer the application, present a notice of such claim to the Commissioner accompanied by the prescribed fee, and the Commissioner shall thereupon issue notice to such person in Form G.

(2) If any person served with notice under sub-rule (1) desires to contest the applicant's claim for compensation or the opposite party's claim to be indemnified, he shall appear before the Commissioner on the date fixed for the hearing of the case or on any date to which the case may be adjourned and, if he so appears, shall have all the rights of a party to the proceedings; in default of so appearing he shall be deemed to admit the validity of any award made against the opposite party and to admit his own liability to indemnify the opposite party for any compensation recovered from him.

(3) In any proceeding in which a notice has been served on any person under sub-rule (1), the Commissioner shall, if he awards compensation, record in his judgment a finding whether the person against whom such claim is made is or is not liable to indemnify the opposite party.

Procedure in consolidated cases.

38. (1) Where two or more cases pending before a Commissioner arise out of the same accident, and any issue involved is common to two or more such cases, such cases may, so far as the evidence bearing on such issue is concerned, be heard simultaneously.

(2) Where action is taken under sub-rule (1), the evidence bearing on the common issue or issues shall be recorded on the record of one case, and the Commissioner shall certify under his hand on the records of any such other case the extent to which the evidence so recorded applies to such other case, and the fact that the parties to such other case had the opportunity of being present, and, if they were present, of cross-examining the witnesses.

39. DISTILLERY AND WAREHOUSE RULES.

No. 118.—Under section 29 (1) and clauses (*c*), (*g*), (*h*), (*j*), (*k*) and (*o*) of section 28 (2) of the Madras Abkari Act, 1886, and in exercise of all other powers enabling them in this behalf, and in supersession of all previous notifications on the subject, the Government (Ministry of Education) are pleased to make the following rules for the establishment and working of distilleries and warehouses, for regulating the issue and transport of spirits therefrom and for the inspection and supervision thereof:—

SECTION I.—INTRODUCTORY.

Application of the rules.

These rules shall apply to all distilleries and warehouses in so far as they are not inconsistent with the terms of the special licence granted to the distiller or warehouse-keeper and shall take effect from 1st April 1924.

Definitions.

2. In these rules, unless the contrary appears from the context, "to gauge" means "to determine the quantity of spirits contained in or taken from any receptacle, or to determine the capacity of a cask or other receptacle"; "to prove" means "to test the strength of spirits by a hydrometer or other suitable instrument"; and "tariff rate" means "the rate of import duty prescribed in the Indian Tariff Act for the time being in force".

"Commissioner" means "Commissioner of Excise".

SECTION II.—DISTILLERIES.

Application for licence.

Fee to be paid.

3. Any person desirous of obtaining a licence to establish a distillery shall apply to the Collector of the district in which he wishes to establish his distillery; and the Collector will forward his application for the orders of the Commissioner. With their applications, applicants shall file descriptions and plans of the buildings in which they propose to establish their distilleries; shall state the description and size of the stills and other permanent apparatus which they propose to use; and shall deposit a fee of Rs. 100 for each distillery for which a licence is requested. The said deposit will be returned to unsuccessful applicants. It will be open to the Commissioner to verify at any time the descriptions and plans above mentioned, and, on proof of error, to require fresh ones to be submitted. Such verification may be made by any officer deputed for the purpose, and such officer shall be allowed full access to the premises. A duplicate of the distillery plan approved by the Commissioner shall be provided by the distiller to be filed in the office of the Assistant Commissioner of Excise for Distilleries.

No alteration or addition shall be made in or to such buildings, or in or to such stills and other permanent apparatus, without the permission of the Assistant Commissioner of Excise for Distilleries. If the Assistant Commissioner of Excise for Distilleries so directs, officers in charge of distilleries may permit minor alterations to be made to such buildings or stills and other permanent apparatus subject to his subsequent approval.

Note.—Persons desirous of constructing new buildings to be used as distilleries are advised, before commencing the work, to submit plans and estimates of the buildings proposed to be erected to the Collector of the district, who will forward them for the approval and orders of the Commissioner. Any alterations and additions suggested by the latter officer in the plans submitted to him should be duly attended to and carried out when erecting the buildings. Persons neglecting to comply with such suggestions will run the risk of being refused a distillery licence.

Renewal of distillery licence.

4. Licences for distilleries shall be renewed annually. Whenever any alterations are made in the buildings or plant, fresh descriptions and plans of the distillery buildings must be filed, together with a certificate from the Distillery Officer, that they are correct. Application for renewal shall be submitted to the Assistant Commissioner of Excise for Distilleries and should be stamped with Court-fee labels of the value prescribed by law.

Arrangements of stills, etc.

5. Distillers shall so arrange their stills that their worms shall discharge into closed and locked receivers, to be provided by them and to be approved by the Commissioner, of such description that no spirits can be removed from them until they are unlocked. They shall also provide and maintain suitable and secure fastening to all stills, spirit receivers, fermentation rooms, doors, etc., to the satisfaction of the Commissioner, for the attachment of locks to be provided by Government. But when locks are attached to any of the fittings of a distillery for the convenience of the distillers and to save them the expense of making alterations, the cost of such locks shall be borne by them. The keys of all such locks will be retained by the Government officers in charge of the distilleries, but distillers will be at liberty to affix their own locks also on all stills, receivers, etc., on which Government locks are placed, provided that they shall always, on the requisition of the Collector, or of the officers in charge of the distilleries, or of other superior officers of the Excise Department, immediately remove their locks so as to allow the free inspection of the stills and receivers on which and of the rooms on the doors of which such locks are placed and of all the contents of such stills, receivers and rooms.

6. Distillers shall, if the Commissioner so direct, provide between the still and the spirit receiver a glass "safe" by which the quality and strength of the spirits which are running will at any moment be visible to the operator, or a sampling apparatus so constructed that for every sample drawn off an exactly equal quantity shall be discharged into a closed and locked

receptacle. If desired, both a "safe" and a sampling apparatus may be used. The distillers shall also, if so required, provide branch pipes fitted with cocks by means of which spirits of different strengths and qualities may be diverted into separate receivers.

7. Distillers shall so arrange their spirit receivers and store vats that the spirits may be conveyed through closed pipes from the former into the latter by gravitation, or, where this is not practicable, shall provide apparatus whereby the spirits can be pumped from the former to the latter through closed pipes.

8. All receivers and vats in the distillery shall be so placed as to admit of the contents being accurately gauged or measured and must be fitted to the satisfaction of the Commissioner with proper dipping rods so adjusted to fixed dipping places that the contents may at any time be ascertainable. The receivers and vats shall also be gauged in such manner as the Commissioner may from time to time direct; and no vessel shall be used as a receiver or store vat until it has been gauged and the gauging has been checked by such officer as the Commissioner may appoint.

Distillers to give notice of beginning of distillation.

9. Distillers shall give the Assistant Commissioner of Excise for Distilleries fifteen days' notice in writing of the date on which they propose to begin to distil.

10. Any distiller desirous of compounding spirits made in his distillery, i.e., colouring and/or flavouring plain spirits so as to make them resemble gin, brandy, whiskey or rum, shall, on application to the Assistant Commissioner of Excise for Distilleries, be granted, unless that officer sees reasons to the contrary, a special "compounding licence" in such form as the Commissioner may from time to time prescribe and a fee of Rs. 250 shall be levied for each such licence. A separate licence shall be required for each distillery and it shall be in force during the continuance of the distillery licence and not for any longer period. Bottling of foreign liquor in distilleries may be permitted by the Assistant Commissioner of Excise for Distilleries who will issue a special "Bottling licence" for the purpose on payment of an annual fee of Rs. 50 for such licence.

Power to withdraw establishments.

11. In case a distiller shall cease distilling or issuing spirits for a period exceeding one month, the Commissioner may withdraw the establishment stationed at the distillery and may prohibit all further distillation and issue of spirits until the distiller has given the Assistant Commissioner of Excise for Distilleries fifteen days' notice in writing of the date on which he proposes to recommence distilling or issuing spirits as the case may be.

12. The strength of the guard maintained at distilleries shall ordinarily be two peons, but when, in the opinion of the Commissioner, such guard does not afford sufficient security, it may be increased at his discretion, and the distiller shall, if the Commissioner so orders, be held responsible for the extra cost entailed on Government by such additional establishment.

13. Where it is necessary to employ additional establishment to cope with work done for or issues made to other provinces, the Commissioner may direct that the cost of such establishment shall be borne by the distiller.

Section III.—Warehouses.

Application for licence.

14. Contract suppliers who have been called upon to establish warehouses in their contract areas shall file descriptions and plans of the buildings in which they propose to establish warehouses, and shall state the description and size of the permanent apparatus which they propose to use. It shall be open to the Commissioner to verify at any time the descriptions and plans above mentioned, and, on proof of error, to require fresh descriptions and plans to be submitted. Such verification may be made by any officer deputed for the purpose, and such officer shall be allowed full access to the premises. A duplicate of the warehouse plan approved by the Commissioner shall be provided by the warehouse-keeper to be filed in the office of the Assistant Commissioner of Excise for Distilleries.

No alteration or addition shall be made in or to such buildings, or in or to such permanent apparatus without the permission of the Assistant Commissioner of Excise for Distilleries. If the Assistant Commissioner of Excise for Distilleries so directs, officers in charge of warehouses may permit minor alterations to be made to such buildings or permanent apparatus subject to his subsequent approval.

Note.—Persons desirous of constructing new buildings to be used as warehouses are advised, before commencing to work, to submit plans and estimates of the buildings proposed to be erected to the Collector of the District, who will forward them for the approval and orders of the Commissioner. Any alterations and additions suggested by the latter officer in the plans submitted to him should be duly attended to and carried out when erecting the buildings. Persons neglecting to comply with such suggestions will run the risk of being refused a warehouse licence.

Establishment for the supervision of warehouses.

15. As a general rule warehouses will be supervised by Sub-Inspectors whose whole time will be devoted to the purpose. Where the extent of the operations does not demand the whole time of the supervising officer, the Assistant Commissioner of Excise for Distilleries will arrange with the warehouse-keeper the number of hours per day on which the warehouse will be opened for receipt or issue of liquor and for operations such as reducing. The time so fixed shall be posted up on the outer door or gate of the warehouse for the information of purchasers. When they are unavoidably exceeded owing to the operations being numerous, the warehouse-keeper shall give to the officer a certificate stating the time in excess of the prescribed hours

during which the warehouse was open and the cause necessitating the extension. The officer will sign the certificate and forward it with his weekly diary. Should it appear to the Assistant Commissioner of Excise for Distilleries at any time that a re-arrangement of the work is rendered necessary, he will at once take steps to reduce or extend the number of hours during which the warehouse is to be opened.

The receipt of spirits into warehouse.

16. No spirits shall be received into any warehouse unless accompanied by a permit from the officer in charge of the distillery or of the warehouse from which they have been transferred, or by a special permit authorizing their receipt into the warehouse; or, if the spirits be imported, by a permit from such officer or person as the Commissioner may from time to time authorize and direct to grant permits for the transport of imported spirits. All spirits received into warehouses shall be gauged and proved on arrival, and the warehouse-keeper shall thereupon become responsible under rule 32 for the quantity and strength of the same.

Warehouses to be under joint lock and key of officer and warehouse-keeper.

17. The warehouse shall be under the joint lock and key of the officer in charge thereof and the warehouse-keeper.

Attendance of officers at warehouses where full-time officers are not employed.

18. In cases in which a warehouse is ordinarily opened only for certain hours each day, it may be opened at other times if the officer is able to attend without interference with his other work and if the warehouse-keeper gives him due and sufficient notice.

Attendance of officers at warehouses where full-time officers are employed.

19. Warehouses supervised by a full-time officer shall be opened and closed at such hours between sunrise and sunset as the Assistant Commissioner of Excise for Distilleries in consultation with the warehouse-keeper may consider suitable. They will be closed on Sundays and authorized holidays except under special conditions and if opened on such days the officer will be entitled to overtime fees for the time worked on the requisition of the warehouse-keeper. Provided that the officer in charge of a warehouse shall not be required to attend at the warehouse for more than eight hours per diem.

Licences for warehouses opened by contract suppliers will be issued free of fee by the Assistant Commissioner of Excise for Distilleries.

If a distillery or warehouse is established at any place where suitable quarters for such officer or officers are not available or are not to be hired at reasonable rates, the distiller or warehouse-keeper shall provide quarters to the satisfaction of the Assistant Commissioner of Excise for Distilleries at rates not exceeding those given below. The distiller or warehouse-keeper shall be bound to keep the quarters and their appurtenances in proper repair and not to interrupt or annoy any officer residing therein in his use or enjoyment thereof. In case any question should arise as to whether the rent demanded by the owner of such quarters is just and reasonable, taking into consideration the nature and sufficiency of the accommodation, the question shall be referred to the Commissioner whose decision thereupon shall be final and binding on the distillers or warehouse-keepers concerned.

Distillers and warehouse-keepers may be required to provide office furniture, and also quarters for establishment on payment of rent.

In case of neglect or refusal to make deposit and execute agreement as aforesaid within ten days of the date on which the approval of an application for a licence shall have been communicated, such approval may be withdrawn and the fee already deposited may be forfeited. In lieu of executing the hypothecation deed, the distiller or warehouse-keeper may deposit Government promissory notes endorsed to the Collector to such value as the Commissioner may direct.

SECTION V.—RULES RELATING TO THE ISSUE OF SPIRITS FROM DISTILLERIES AND WAREHOUSES.

46. Spirits intended for issue as country spirit in this Presidency shall not be distilled at a higher strength than 30° O P. A working margin of 5° is, however, allowed, so that spirit which may occasionally show a strength of a few degrees above the prescribed limit may be broken down to 1.1° O.P or below by blending with weaker spirit. This must be done before reduction to issuable strength at the distillery and before issue to warehouses.

"Spirits intended for use other than as country spirit in the Presidency may be distilled at any strength.

"Issues to licensed vendors under clause II (a) of rule 49 shall be restricted—

(a) in the case of country spirit to the strengths of 35° or 60° U.P. or to such other strengths as may from time to time be prescribed;

(b) in the case of spirits made in colour and/or flavour to resemble brandy, whisky, rum or gin to a minimum strength of 25° U.P. in the case of brandy, whisky, and rum and of 35° U.P. in the case of gin, or to such other minimum strengths as may from time to time be prescribed; and

(c) in the case of coconut toddy arrack to a minimum strength of 30° U.P. or to such other minimum strengths as may from time to time be prescribed."

NOTE.—"In the low duty area round Pondicherry and the Attappadi Valley of the Malabar district the strength prescribed for country spirits is 40° U.P."

Spirits may be blended in distilleries and warehouses.

47. In order that they may be able to issue spirits at the prescribed strengths distillers and warehouse-keepers will be permitted, on application to the officer in charge thereof, to blend or reduce spirits to those strengths in such vats as may be approved for the purpose by the Assistant Commissioner of Excise for Distilleries. Blended or reduced spirits shall be kept in a separate receptacle.

The introduction of saccharine matter, etc., into spirits.

48. If any saccharine or other matter of such a nature as to obscure the indications of the hydrometer shall be introduced into spirits, duty will be calculated on the quantity and strength of such spirits as ascertained before the introduction of such matter. No allowance will be made for wastage in such spirits after the addition of such matter and before removal from the distillery. Such spirits shall be kept in a separate receptacle.

Removal of spirits from distilleries or warehouses.

49. Spirits may be removed from distilleries or warehouses—

I. Under bond—
(*a*) for export by sea;
(*b*) for transport to another distillery or warehouse;
(*c*) for export to other British Provinces, when specially permitted by the Commissioner;
(*d*) in the case of rectified spirits for export to Indian States for use in the State medical departments when specially permitted by the Commissioner.

II. On payment of duty—
(*a*) for local consumption;
(*b*) for export by land to foreign territory, Indian States or other provinces.

III. Without payment of duty and without bond, if sold to officers of Government empowered to purchase them on account of the public service other than for use in educational institutions; or

IV. From distilleries only—Free of duty, after denaturation under the rules prescribed under Act I of 1886 as subsequently amended.

Spirits to be gauged and proved before removal

50. No spirits shall be removed from any distillery or warehouse until they have been gauged and proved by the officer appointed for the purpose. The gauging of spirits may be made either by actual measurement or by weighment.

Spirits not to be removed save under certain conditions.

51. No spirits shall be removed from any distillery or warehouse save under cover of a permit issued by the officer in charge. If the distiller or warehouse-keeper has executed a bond in the prescribed form, the officer in charge may issue permits for the removal of spirits up to the quantity covered by the bond in the case of transport under rule 49 I (*b*); otherwise, he will only issue a permit (1) on proof that duty has been paid on the quantity of spirits to be removed either at the tariff rate or, at such rate as may from time to time be prescribed by Government under section 17 of the Madras Abkari Act, 1886, for the local area for consumption in which the spirits are declared or (2) under special orders from the Commissioner of Excise in the case of export under rule 49, clauses I (*c*) and (*d*) and from the Collector of the district in the case of issues under rule 49, clause I (*a*), II (*b*), III or IV.

Provided that Collectors may permit distillers and warehouse-keepers to make deposits in advance for the payment of duty and may allow the removal of spirits from time to time up to the limit of such deposits without separate payment of duty on account of each separate consignment of spirits removed.

Removals under bond.

52. When spirits are removed from a distillery or warehouse without payment of duty, the distiller or warehouse-keeper shall execute a bond for the payment of the duty on them at the tariff rate in case of his failure to account for them to the satisfaction of the Collector. In the case of spirits exported by sea, the bond shall be executed with one or more sureties.

Kinds of bond.

53. Bonds executed under rule 52 shall be of two kinds, that is, either general bonds which shall remain in force until cancelled, or special for specified occasions and particular consignments only, and shall be in such forms as the Commissioner may, from time to time, prescribe to suit particular cases.

To whom issues for local consumption may be made

54. Spirits may be issued for local consumption only (*a*) throughout the Presidency—
(i) to licensed vendors of foreign liquors, and
(ii) to private persons for domestic consumption but not for sale,—provided that the spirits issued are plain rectified spirits or spirits made in colour and/or flavour to resemble gin, brandy, whisky or rum; but in no case should country spirits of any strength be issued direct to any private person whether intended for domestic consumption or not;
(*b*) within the districts or parts of districts the monopoly of supply of which has been granted to the distiller to licensed independent arrack shop-keepers and licensed wholesale vendors of country spirits.

Provided that ordinary arrack shall not be issued to foreign liquor vendors of any description. Distillers and warehouse-keepers shall be bound to supply country spirits to all persons licensed to purchase from them on payment of the value in legal tender so long as they have stock in hand.

Rates of duty.

55. Duty shall be paid at the following rates on all spirits issued from distilleries unless they are removed under bond or sold to officers of Government on account of the public service:—

(1) If denatured, free of duty or at such rate of duty as may be prescribed by any law for the time being in force.

(2) From distilleries and warehouses—
(i) On spirits issued to the persons mentioned in rule 54, clause (*a*), at the tariff rate or at such other rate as may be prescribed by Government from time to time under section 17 of the Madras Abkari Act, 1886.

Minimum quantity to be issued.

56 No smaller quantity of spirits shall be issued at any one time to any of the persons mentioned in rule 54 than the following:—

	Imperial gallons.
To a person mentioned in clause (a)	4
To a licensed wholesale vendor of country spirits	9
To a licensed independent shop-keeper within a radius of five miles from a distillery or warehouse—	
(i) in places where there are depots	25
(ii) in other places	5
To a licensed independent shop-keeper beyond a radius of five miles from a distillery or warehouse.	25

Commissioner may fix maximum prices to be charged by distillers and warehouse-keepers

57. The Commissioner may fix, from time to time, the maximum prices to be charged by distillers and warehouse-keepers for spirits issued from a distillery or warehouse to (i) licensed independent arrack shop-keepers and (ii) licensed wholesale vendors of country spirits

58 (i) An allowance will be made for the loss in transit by leakage and evaporation of spirits transported by land, under bond, or duty free for Government purposes, within the Presidency, up to the maximum amounts shown below:

	Per cent.
For a journey of not greater duration than two days	2
For a journey of duration exceeding two, but not exceeding five days.	3
For a journey of duration exceeding five, but not exceeding ten days..	4
For a journey of duration exceeding ten, but not exceeding fifteen days.	5
For a journey of duration exceeding fifteen days	7½

In calculating the allowance to be made the day of issue, the time actually occupied in transit and the day of verification of the consignment are to be taken into account.

(ii) Similarly in the case of spirits exported by land, under bond, or duty free for Government purposes, to other provinces, an allowance will be made up to the maximum amounts shown below.

	Per cent.
For a distance not exceeding 100 miles	5

For a distance exceeding 200, but not exceeding 1,000 miles	10
For a distance exceeding 1,000 miles	15

(iii) If the report of the officer by whom a consignment of spirits transported or exported by land under bond or duty free has been gauged and proved on arrival at its destination should show that wastage to a greater extent than the above has occurred, the distiller or the warehouse-keeper shall pay duty at the tariff rate, for the time being in force, on so much of the deficiency as is in excess of the above allowances. Provided that, if it shall be proved to the satisfaction of the Commissioner, that such deficiency has been caused by accident or other unavoidable cause, the duty levied on such deficiency shall be refunded. The Commissioner's decision shall be final

(iv) The allowance to be made under this rule will be determined by deducting from the quantity of spirits despatched from the distillery or warehouse, the quantity received at the place of destination, both quantities being stated in terms of London proof gallons and will be calculated on the quantity contained in each cask or other receptacle comprised in a consignment.

Fort St. George, March 14, 1924.

No. 292.—The following Government Order is published for information :—

G O. No. 894, L. & M., DATED 14TH MARCH 1924.

Letter from the Examiner of Local Fund Accounts, No. 2-23-2025, dated 28th January 1924.

The President, District Board's suggestions are that the payment should be made (1) in the case of district board servants by drawing a cheque at the time of passing the bills for the amount of Provident Fund subscription deducted in the bill and endorsing the cheque in favour of the Postmaster and (2) in the case of taluk and union board servants by obtaining cheques from the presidents of taluk and union boards in the name of the President, District Board, and endorsing them in favour of the Postmaster.

2. Both of these suggestions seem to be impracticable for the following reasons :—

(1) As a general rule, cheques are not to be issued for sums less than Rs. 10. In the case of municipal councils, the Government have ordered in G.O. No. 1033 M., dated 7th December 1915, that only payments of Rs. 20 and above should be made by cheques. Now that the system of payment by cheques has been introduced in the case of local boards also, it may perhaps be desirable that a similar instruction should be issued. But whether the minimum limit is Rs. 20 or 10, whenever a salary bill is passed for payment, the amount of provident fund subscription deducted in the bill may not amount to Rs. 10 or above to enable a cheque being issued. This difficulty will be felt more in the case of supplemental bills passed for payment, the provident fund deduction in such cases being very often only a few annas or a sum considerably less than Rs. 10 as the deduction made at the rate of one anna in every rupee of salary. Therefore, if a rule or order is issued as suggested by the President, District Board, it would not be possible to carry it out in certain cases, and it would lead to difficulties in practical working.

(2) As regards union and taluk board servants, the provident fund deductions from their salaries would not, in most cases, amount to Rs. 10 at a time ; and further the cheques drawn on the sub-treasuries where the taluk or union boards have drawing accounts, may not be honoured if presented at the Head treasury, unless all the taluk and union boards in a district are permitted to have ledger accounts in the Head treasury—an arrangement which may bring about complications and may not be agreed to by the Accountant-General.

3. In paragraph 4 (4) of G.O. No. 2135, L. & M., dated 27th September 1923, it has been ordered that payments made to the credit of a local board at a treasury or sub-treasury at which it has no account will be adjusted to its credit at the treasury, sub treasury or bank at which it has an account. Under this arrangement, taluk and union boards may pay in the sub-treasuries where they have accounts the provident fund subscriptions to the credit of the district board by noting in the cheques drawn for payment of establishment salaries the amount to be paid in cash and the amount to be adjusted to the credit of the district board as in the case of amounts to be adjusted towards payment of pensionary contribution and income-tax. On receipt of intimation, the amounts thus adjusted to the credit of the district board on account of provident fund during the course of a month, together with the sums deducted from the salary bills of district board servants, may be remitted by the President, District Board, at the end of the month by means of a cheque in favour of the Postmaster. The Postmaster-General has already agreed to the acceptance of cheques from chairmen of municipal councils on account of the provident fund accounts of municipal servants. Since the system of payment by cheques has been introduced in the case of local boards also, he is not likely to have any objection to the issue of local fund cheques in favour of postmasters in lieu of local fund bills formerly endorsed for payment to postmasters.

No. 207.—The following letter from the Superintendent of Local Manufactures and Government Test House, No 6275, dated 10th January 1924 is published for information:—

Apparatus has recently been installed for the testing of road metal by means of a Deval machine for determining the rate of attrition, i.e., the wear which occurs in road metal owing to the grinding action set up under the pressure of traffic. It is considered that this test in conjunction with petrographical examination made by the Geological Survey of India will give results of value to authorities concerned with road making.

The series of tests will be—

(1) Petrographical examination.
(2) Attrition test on the dry stone.
(3) Attrition test on the wet stone.
(4) Specific gravity.

Samples for test should be 56 lb. of stone, consisting of pieces each of which will pass through a 2½" ring but will fail to pass through 2" ring.

Samples should be sent to the Government Test House. The portions required for petrographical examination will be sent from the Test House to the Geological Survey of India.

The fee for the series of tests will be in the case of Government departments, Municipalities, Railways, Port Trusts, District Boards and other public authorities Rs. 20, and for private concerns Rs. 30.

The exact locality from which the stone is taken should be stated.

ENDORSEMENT No. 5275-1, L. & M., DATED THE 19TH MARCH 1924.

Communicated to all local bodies for information.

No. 208.—The following Government Order is published for information :—

G.O. Mis No. 26, FINANCE (L. A.,) DATED THE 18TH MARCH 1924.

The Examiner of Local Fund Accounts has brought to notice that in spite of repeated orders issued by Government in the matter of prompt settlement of audit objections by local bodies, no improvement has been shown in this respect. Instances are not wanting where audit objections have been allowed to drag on indefinitely, with the result that where recoveries have to be made it has been found impossible to effect recovery owing to lapse of time and the amounts have ultimately had to be written off as irrecoverable. Local bodies are warned that if audit objections are not settled within a reasonable time, they run the risk of being surcharged by the Examiner.

2. It has also been brought to notice that in a few other cases, local bodies have deliberately written off amounts which the Examiner of Local Fund Accounts proposed to surcharge without taking any steps to recover them. It is needless to observe that such devices do not reflect creditably on the administration of local bodies. They are warned that resolutions intended merely to evade audit objections or a surcharge will not act as a bar to the Examiner proceeding with his surcharge.

3 The Examiner of Local Fund Accounts is informed that if objections are not settled within a reasonable time, the amounts involved may be surcharged on the persons concerned notwithstanding promises of recovery. He is also requested to bring to the notice of Government cases in which he considers that local bodies have abused the power of writing off irrecoverable items. The Government will be prepared to take suitable action on such cases.

STATEMENT OF OBJECTS AND REASONS.

1. The object of this Bill is to fix the salt duty at Rs. 2 a maund as explained in my speech introducing the Budget for 1924-25 and to continue certain provisions of the Indian Finance Act, 1923, which would otherwise cease to have effect from the 1st April 1924.

2. Clause 2 of the Bill provides for the levy of the duty on salt at Rs. 2 per maund.

3. Clauses 3 and 5 give effect to certain minor amendments which it is proposed to make in the Tariff. The changes are not important from the revenue point of view and are as follows:

(i) The 2½ per cent import duty on grain and pulse is remitted in accordance with the recommendation of the Fiscal Commission. Import of these articles is negligible in normal times and the duty is suspended in times of scarcity. It has been in suspension since January 1921.

(ii) At present motor spirit produced in India is subject to an excise of 8 annas a gallon and imported motor spirit to an import duty of 8½ annas a gallon. Imports are extremely small and in order to sharpen motor spirit, it is proposed to reduce the excise duty to 4½ annas a gallon and to levy customs duty on imported motor spirit at the same rate, viz., 4½ annas a gallon.

(iii) With a view to evade the high duties at present levied on imported matches, the practice of importing empty boxes and splints instead of dipping splints in India has extended. In order to protect revenue, it is proposed to levy specific duties on these component parts.

(iv) Certain articles such as bobbins, healds, etc., can be used as component parts either of power loom or handloom and are therefore assessable to duty under the higher rate, i.e., as component parts of handlooms. Their chief use, however, is in power looms. It is proposed to amend the schedule so as to make it clear that the duty to be levied on these articles is the same as that on other component parts of power machinery, namely, 2½ per cent.

(v) The assessment of duty on gold thread, etc., under the existing schedule has given rise to administrative difficulties, thread with any trace of gold having hitherto been assessed at 30 per cent, instead of at the general rate of 15 per cent. There is also reason to believe that the difference in rates of duty is stimulating the trade in imitation gold and silver thread and lametta at the expense of gold and silver thread proper. It is proposed to make the duties on gold and silver thread and lametta uniform at 15 per cent.

4. Clauses 4 and 7 provide for the continuance of the rates of postage, income-tax and super-tax prescribed by the Indian Finance Act of 1923, while clause 6 provides for the credit to revenue for a further period of one year, i.e., till the 31st March 1925, of interest on securities forming part of the Paper Currency Reserve.

5. The charges mentioned in paragraphs 2 and 3 are intended to come into effect from the 1st March 1924; the rest from April 1st. The provisions other than those mentioned in paragraph 3 will have effect till the 31st March 1925.

The 25th February 1924.
